## Class 02 – ASSIGNMENT 02

### FLOWCHARTS

Please draw a logical flowchart for each of the following question:

1. Read 2 numbers and multiply them together and display them
2. Read one number and tell the user if the number equals to 5 or not
3. Read a number. If number is between 1 and 10, display blue, if between 10 and 20, display green, and otherwise display incorrect value.
